JANUARY 2025

Leader's Message

Happy New Year! As we step into 2025, we're thrilled to share a special milestone with you—this year marks 35 years in business for Landesign.

What began in John and Denise Fitzgerald's garage with just one truck, a trailer, and a dream to beautify the North Bay, has since blossomed into something truly extraordinary. Today, Landesign proudly operates three branches and serves in Sonoma, Marin, Napa, and Solano counties, with over 130 dedicated team members. Together, we're greening the way across the North Bay, creating lasting beauty and sustainable landscapes for our communities.

Spotlight: Landscape Lighting Installation at a Beautiful Calistoga Estate

We recently completed a stunning landscape lighting installation at a breathtaking estate in Calistoga. Thoughtfully designed and expertly installed,

the lighting highlights the property's architectural features, enhances outdoor living spaces, and creates a warm and inviting ambiance after dark.

Landscape lighting is an essential design element that adds beauty, safety, and functionality to your property. Whether accentuating a focal point, lighting a pathway, or extending the use of outdoor spaces into the evening, well-designed lighting transforms your landscape into something extraordinary.
